Miss Geico and Aqua-mania 'Shred it Out' for the National Championship in Clearwater October 4th

At Clearwater's 1st Annual Super Boat National Championship Festival October 4th, the battle between Miss Geico and Aqua-mania will be decided.

Clearwater, FL, September 21, 2009 -- The Super Boats are coming to Clearwater at speeds of up to 200 mph and the Mac Daddies of the Turbine Extreme class, Miss Geico and Aqua-mania, will battle it out for the championship at [Clearwater's 1st Annual Super Boat National Championship Festival October 2-4th](#).

Currently Miss Geico trails Aqua-mania in the Super Boat International (SBI) national standings. Since the SBI Nationals in Clearwater is a double-points race, Miss Geico has a good chance to win the national championship. Aqua-Mania sits on the current national point's lead of 2402 with Miss Geico at 1952. One could eclipse the other...and within the Turbine powered Cat racing arena, anything is said to be possible.

The top three point's leaders in the SBI Turbine Class are MYSTIC Powerboats and have been at the top of the inshore and offshore speed categories all year. In SBI, MYSTIC Powerboats are untouchable in the top class: Turbine Extreme.

About Clearwater's 1st Annual Super Boat National Championship Festival:

When Super Boat International (SBI) founder and 30-year veteran, John Carbonell, wanted to produce **Clearwater's 1st Annual Super Boat National Championship Festival** two local area businessmen made it happen: Restaurateur Frank Chivas and Former Mayor of Clearwater Brian Aungst Sr.

Carbonell has been producing the World Championship Races in Key West every year for 3 decades as well as the races in Sarasota held every 4th of July. Now Clearwater, the next "new great location" will have something Key West doesn't have...the absence of cruise ships obstructing the race sight lines. "It's a great time of year to support the tourism industry," says Aungst. "[SBI] needed another spot and Clearwater Beach is one of the prettiest beaches in the world."

Clearwater's 1st Annual Super Boat National Championship Festival will be produced by Super Boat International and presented by Brighthouse Networks. To see the full list of sponsors, partners and sponsor hotels, visit www.clearwatersuperboat.com

About MYSTIC Powerboats:

MYSTIC Powerboats is the world leader in ultra high performance powerboats. Employing construction methods using epoxy resin, carbon fiber material and foam core, MYSTIC is the most advanced marine constructor in the world. **MYSTIC** Powerboats currently builds boats up to 70 feet in length and has crossed over into building a line of ultra high performance cruising ocean yachts. MYSTIC Powerboats is located in Deland, Florida. Specific to offshore performance boats 50 foot and larger MYSTIC holds more sanctioned and unsanctioned speed records than any other builder in the world. John Cosker, CEO/Owner and creator of **MYSTIC** Powerboats has a lengthy offshore powerboat racing career as well as a registered boat designer and boat builder. Cosker has designed speed related hull applications for manufacturers on a worldwide basis. Visit www.MYSTICpowerboats.com
